The Brain Injury Association of Illinois provides services and programs to those whose lives have been impacted by brain injury. Please know that your support will go a long way in making a difference in someone's life.

Some of the programs and services provided by the organization are:

- Brain Injury Information & Resource Call Center - toll-free Phone Line, Websites, Mailings

Every 19 seconds someone in the United States sustains a brain injury. There are more than a quarter million children and adults living in Illinois with disabilities as a result of a brain injury. The statistics are staggering. Anytime, Anywhere, Anyone – we are all at risk.
